

Lincoln Consolidated School District Snow Routes/Limited Bus Service

It will be the bus driver's discretion to determine which roads are not safe to travel. While it is not possible to predict with absolute certainty which roads will be unsafe, past experience has dictated certain roads that are not safe. Below is a list of these roads by Route number. The roads determined to be not safe to travel due to inclement weather are subject to change.

Limited Route service includes morning and afternoon routes. Please be prepared to pickup your child at the designated bus stop in the afternoon. The drivers will do their best to keep pickup and drop off times on schedule.

Students who are absent due to limited bus travel will receive an excused absence for each day missed.

If you believe that your road should be included in the "unsafe" category and it is not listed below as unsafe, please call Transportation Department at [479-824-7322](tel:479-824-7322).
